

URBAN FOOD GARDEN

# SEED SAVING WORKSHOP

Practical workshop on how to save your own vegetable and flower seeds.  
Areas covered include:

- The various pollination methods and levels of cross pollination of different vegetables.
- What plant varieties are the easiest to save seeds from.
- Practical demonstrations of the different methods of saving seed.
- Seed storage life.
- Seed collecting equipment.
- Labelling and packaging of seeds.
- Practical session where participants collect and save their own seeds.

**WHEN** Saturday 18th March at 1:00 PM

**WHERE** 104 Crompton Street Soldiers Hill.

**DURATION** Will run for approximately two hours.

**COST** \$30 (Includes at least two packets of seeds)

**Maximum of 16 people in the group. Bookings are essential.**
