

Autumn 2022 Harvest Results: Urban Food Garden, Ballarat Victoria					
Vegetables	Results	Latest Season Comments	Fruit Trees	Results	Latest Season Comments
Asparagus	Growing		Almonds	None Growing	
Basil	Above Average	Ran right through to the third week in May in the greenhouse.	Apples	Above Average	
Beans - bush	Excellent		Apricots	None Growing	
Beans - runner	Excellent		Cherries	None Growing	
Beans - Scarlet runner	Above Average	A slow start to the season but they came on in a rush in Au-tumn.	Feijoa	Above Average	
Broad beans	Growing		Grapes	Poor	
Beetroot	None Growing		Grapefruit	Above Average	Constant producer
Broccoli	Average	First head in the second week of April. Only a few really good sized heads, plus some plants not putting on many side shoots.	Lemon	Above Average	Now getting fruit on our Eureka all year round.
Brussels sprouts	Average	Prolific, but smaller than last years crop	Lime	Growing	
Cabbage	Above Average	Plenty of good sized cabbages and Chinese cabbages.	Mandarin	Above Average	Started cropping on the second week of May. Plenty of fruit but some are a little small.
Capsicum	Above Average	Good Autumn crop, still some in the greenhouse at the end of May..	Nashi Pear	Average	
Chilli	Below Average	Grew well but not enough chillies to make chilli sauce due to rats (probably) eating most of the early season crop.	Olives	Growing	
Carrot	Above Average	Pulled the last carrots in the last week of May. Plenty blanched and frozen in the freezer.	Oranges	Growing	
Cauliflower	Below Average	Not big this year, and not enough planted.	Passionfruit	Growing	
Celery	Excellent	Best I have grown in years.	Peaches	Poor	
Cucumber	Average	Crop finished the last week of March, which is a little early.	Pears	Above Average	
Egg Plant	Average	Smaller sized fruit than last year.	Plums	None Growing	No crop this season, though it is a young tree, so no fruit was expected.
Garlic	Average	Fairly small size, but good quality.	Walnut	Poor	
Leek	Growing		Berry Bushes	Results	Latest Season Comments
Lettuce	Excellent	Great Autumn crop, the best in years.	Blackberries	Average	
Onion	Above Average		Blueberries	Poor	
Pea	Above Average	Harvested the last week in March.	Kiwi Fruit	Below Average	
Pak Choi	Average	Fewer went to seed than last year, a common problem with Oak Choi in the hotter weather.	Loganberries	None Growing	
Parsnip	None Growing		Raspberries	Poor	The Autumn crop was almost nothing.
Potatoes	Average		Chickens	Results	Latest Season Comments
Pumpkin	Excellent		5 Hyline hens	Excellent	Averaged 4.6 eggs per day. No disease or parasite issues.
Rocket	Average		<div> <div>Excellent</div> <div>Bumper Crop</div> </div> <div> <div>Above Average</div> <div>Above Average Crop</div> </div> <div> <div>Average</div> <div>Average Crop</div> </div> <div> <div>Below Average</div> <div>Below Average Crop</div> </div> <div> <div>Poor</div> <div>Almost no crop or diseased</div> </div> <div> <div>Failure</div> <div>Total Crop Failure</div> </div> <div> <div>None Growing</div> <div>Not planted or finished for the season</div> </div> <div> <div>Growing</div> <div>Growing but yet to be harvested</div> </div>		
Silverbeet	Poor	All but one plant went to seed.			
Sweet potato	None Growing				
Sunflower	None Growing				
Tomatoes	Above Average	Outside tomatoes finished second week of April, though and early finish it was still a good crop.			
Spinach	Excellent	Best spinach crop in years. Grew Black Glove, a hybrid spinach.			
Sweet Corn	Above Average	Good crop.			
Zucchini	Above Average	Finished the second week of April.
