

# KEY VEGETABLES SEED POLLINATION CHART

## IN ALPHABETICAL ORDER

This seed pollination chart is designed to be used by gardeners living in an urban environment. As such it does not list recommended isolation distances & the number of plants required to maintain true to type seeds. This is because almost all urban gardeners cannot meet these requirements. It has been compiled using the averages from four seed saving charts. While the risk ratings on this chart largely match those of the other charts the genetic drift may be more pronounced when using this chart due to the inability of most urban gardeners to meet isolation distances & the number of plants requirements.

PLANT	POLLINATION METHOD	POLLINATION TYPE	CROP TYPE	DEGREE OF DIFFICULTY
Cabbage	Cross pollinated	Insect	Biannual	DIFFICULT
Capsicum & Chilli	Self & cross pollinated	Insect	Annual & perennial	MODERATE
Cauliflower	Cross pollinated	Insect	Biannual	DIFFICULT
Bean	Self-pollinated	-	Annual	EASY
Beetroot	Cross pollinated	Wind	Biannual	MODERATE
Broad Bean	Self & cross pollinated	Insect	Annual	MODERATE
Broccoli	Cross pollinated	Insect	Annual & biannual	DIFFICULT
Brussels Sprouts	Cross pollinated	Insect	Biannual	DIFFICULT
Carrot	Cross pollinated	Insect	Biannual	MODERATE
Celery	Cross pollinated	Insect	Biannual	MODERATE
Chives	Vegetatively & cross pollinated	Insect	Perennial	EASY
Corn	Cross pollinated	Wind	Annual	DIFFICULT
Cucumber	Cross pollinated	Insect	Annual	MODERATE
Eggplant	Self & cross pollinated	Insect	Annual & perennial	MODERATE
Endive	Self pollinated	-	Annual	EASY
Jerusalem Artichoke	Vegetatively & cross pollinated	Insect	Perennial	EASY
Kale	Cross pollinated	Insect	Biannual	DIFFICULT
Kohlrabi	Cross pollinated	Insect	Biannual	MODERATE
Leek	Vegetatively & cross pollinated	Insect	Biannual & perennial	MODERATE (seed)
Lemongrass	Vegetatively	-	Perennial	EASY
Lettuce	Self pollinated	-	Annual	EASY
Mint	Vegetatively & cross pollinated	Insect	Annual & perennial	EASY
Okra	Self pollinated	-	Annual	EASY
Onion	Cross pollinated	Insect	Biannual	MODERATE
Parsnip	Cross pollinated	Insect	Biannual	MODERATE
Pea	Self pollinated	-	Annual	EASY
Potato	Vegetatively	-	Perennial	EASY
Pumpkin	Cross pollinated	Insect	Annual	MODERATE
Rhubarb	Vegetatively & cross pollinated	Insect	Perennial	EASY
Rocket	Cross pollinated	Insect	Annual	DIFFICULT
Scarlet Runner Bean	Self & cross pollinated	Insect	Perennial	MODERATE

PLANT	POLLINATION METHOD	POLLINATION TYPE	CROP TYPE	DEGREE OF DIFFICULTY
Silverbeet	Cross pollinated	Insect	Biannual	MODERATE
Spinach	Cross pollinated	Wind	Annual	MODERATE
Spring Onion	Vegetatively & cross pollinated	Insect	Annual & perennial	EASY
Tarragon (French)	Vegetatively	-	Perennial	EASY
Tomato	Self pollinated	-	Annual	EASY
Tree Onion	Vegetatively	-	Perennial	EASY
Water Chestnut	Vegetatively	-	Perennial	EASY
Watermelon	Cross pollinated	Insect	Annual	MODERATE
Zucchini	Cross pollinated	Insect	Annual	MODERATE
